EX02

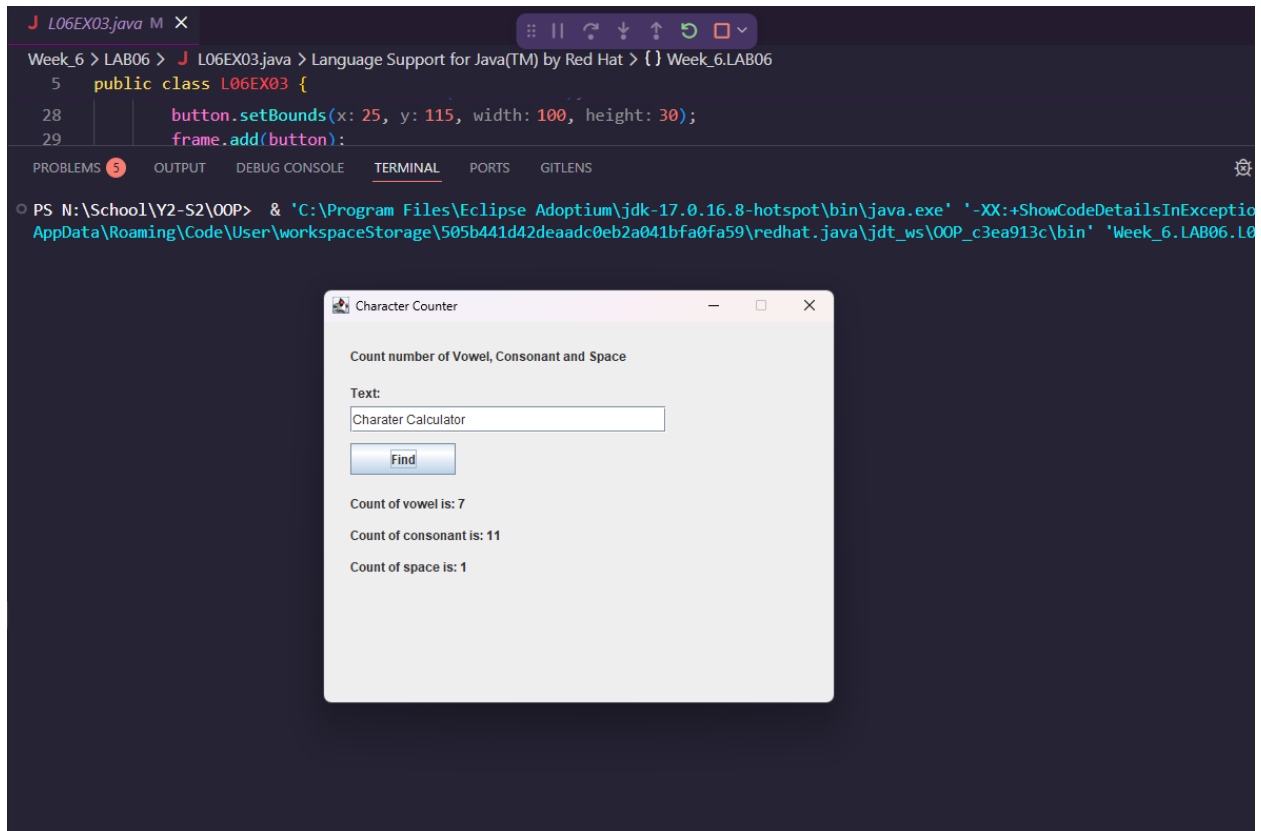

The screenshot shows the Eclipse IDE with a Java project named 'L06EX02'. The editor displays the source code for 'L06EX02.java', which includes a menu-driven program. The terminal window shows the execution of the program, displaying the menu, user input for choice 9, number of elements 5, and the elements 56, 90, 87, 3, 67. The program calculates the minimum value as 3 and displays the menu again.

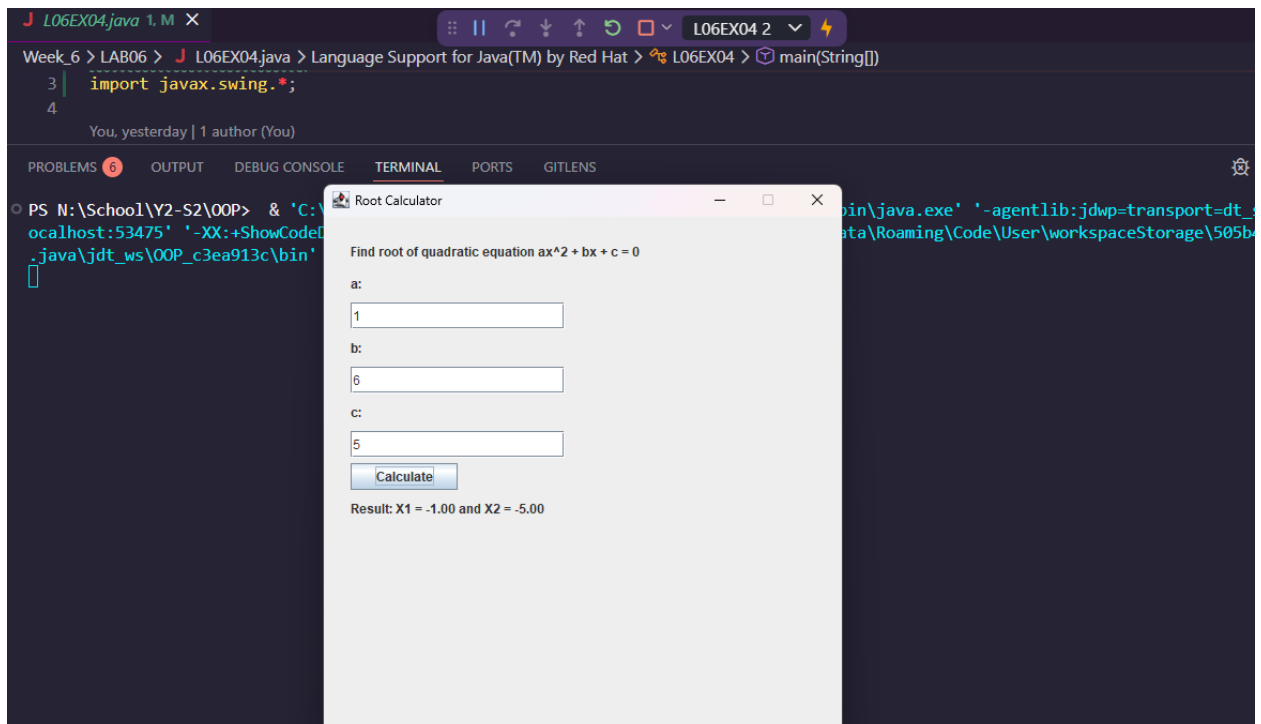

```
Week 6 > LAB06 > J L06EX02.java > Language Support for Java(TM) by Red Hat > L06EX02 > main(String[])
107 public class L06EX02 {
264     int num3 = sc.nextInt();
265     double average = MyMath.average(num1, num2, num3);
